**Nottingham
East Midlands Airport**

Dear Prime Minister

I live under the noise umbrella of Nottingham East Midlands Airport.

I am already affected by night flights in and out of NEMA. The noise pollution will soon get a great deal worse and my ability to sleep at night reduced by the constant over-flying.

Please ask your Transport Minister to wake up and “designate” NEMA under the Civil Aviation Act 1982 (s78-80) before the problem gets any worse

Yours sincerely
